EDUCATION

California State University, Fullerton

Fullerton, CA

Bachelor of Arts in Business Administration, Business Analytics

Spring 2027

- **Related Coursework:** Statistical Analysis, Database Systems, Business Spreadsheet Modeling, Integrated Enterprise Information Systems

RELEVANT EXPERIENCE

Operational Strategy & People Analytics Extern – Amazon

Remote

Externship

December 2025 - February 2026

- Ingested and analyzed 130+ unstructured employee feedback records using Python (pandas, NLTK, TextBlob) to address the challenge of manually reviewing large volumes of qualitative data and identify burnout and productivity risks impacting retention.
- Built an end-to-end NLP pipeline to clean, preprocess, and classify sentiment and themes, solving inefficiencies in manual analysis and enabling scalable, repeatable data processing for ongoing workforce feedback.
- Synthesized findings into 5+ data-driven recommendations, translating analytical results into actionable insights that supported operational planning and helped leaders prioritize workforce interventions.

Data Analytics Extern – TruBridge Healthcare

Remote

Externship

October 2025 - December 2025

- Ingested and cleaned 135K+ CDC mortality records using Python (pandas, NumPy), addressing missing values, inconsistencies, and outliers to transform raw public health data into a reliable, analysis-ready dataset.
- Performed exploratory data analysis and correlation analysis (Pearson r up to 0.89) to identify key drivers of mortality trends, helping focus business and research attention on the most impactful variables.
- Developed 6 interactive Power BI dashboards to visualize mortality trends and geographic patterns, solving accessibility challenges by enabling non-technical stakeholders to independently explore insights.

LEADERSHIP EXPERIENCE

Delta Sigma Pi - Professional Business Fraternity

Fullerton, CA

President

August 2025 - December 2025

- Led a 20-member executive board, 10+ committees, and 50+ members using structured project management processes; tracked weekly KPIs across recruitment, events, finance, and operations to increase total event attendance by over 50%.
- Introduced automated forms and centralized documentation systems that improved reporting accuracy to 95%+ and eliminated recurring manual tracking tasks.
- Oversaw planning and execution of 10+ semesterly events for 200+ students and alumni by coordinating cross-functional teams, managing timelines, and ensuring compliance with university and national guidelines.

PROJECTS

KPMG U.S. Career Catalyst: Advisory - Simulation

Remote

Forage

January 2026

- Analyzed 5,000 urgent care patient visit records using Excel pivot tables and structured data workflows to identify key drivers of wait time variability across registration, triage, and provider consultation stages.
- Identified registration and triage bottlenecks responsible for 40-minute average wait times and 48-minute peak delays, targeting specific workflow stages for improvement.
- Recommended workflow standardization and AI-enabled intake projected to reduce wait times by 6-12 minutes per stage based on operational data analysis.

SQL Database Schema Design – Library Management System

Fullerton, CA

ISDS 402: Database Management

December 2025

- Designed and implemented a normalized (3NF) relational database schema using ER modeling and SQL DDL with 6 core entities to enforce data integrity and reduce redundancy.
- Translated real-world business workflows (inventory, checkout, transactions) into a scalable relational data model with referential integrity and well-defined table relationships.
- Wrote SQL queries simulating checkout workflows, inventory tracking, and member activity to validate schema design and test real-world operational scenarios.

CERTIFICATIONS & TECHNICAL TRAINING

Core Skills: Python (pandas, NumPy, matplotlib), SQL, Power BI, Excel (Pivot Tables, INDEX/MATCH, VLOOKUP), Tableau, SAP

Interests: Basketball, Swimming, Piano, Weight-lifting, Music festivals, Hiking, Cats/Dogs, Gaming, Building Computers

Certifications: [Intermediate SQL\(DataCamp\)](#), [Power BI: Dashboards for Beginners\(LinkedIn\)](#), [Cloud Security & Audit Fundamentals\(LinkedIn\)](#), [Alteryx Designer Core Micro-Credential General Knowledge](#)
